

Start Right Social Skills – Summer Program

Start Right Social Skills (SRSS) Summer Program is a small-group early intervention program for students in Kindergarten and Grade 1. This 5-day program provides special 'play-and-learn' opportunities to assist with the development of social skills and school readiness.

Purpose

To develop pro-social skills and increase positive peer and adult interactions, learn and practice social skills, as well as identify and articulate feelings and emotions in a positive way.
